Marais des Cygnes Watershed Riparian Forestry Initiative

Timber Harvest Workshop

Special thanks
to landowner Brian Shurtleff
for sharing his property
for this demonstration workshop.

Workshop Purpose

The Marais des Cygnes Watershed Riparian Forestry Initiative will hold a forestry workshop for best management practices for timber harvesting in riparian areas to protect stream banks and water quality. Forestry Professionals will demonstrate how to evaluate your woodland for determination of proper management. The timber sale process will be discussed and what is done during the logging process will be demonstrated along with the end result at a sawmill operation.

WORKSHOP SCHEDULE

- 1:00 p.m. Introduction
- 1:15 p.m. Best Management Practices
Roads
Stream Crossings
Water Quality Benefits
Reforestation
- 1:45 p.m. Timber Evaluation
Timber Selection
Sale Process
Tax Tips
